RE: Reesor Common Fund Action 06076

Dear Max:

I received a copy of the Answers that you filed in the Reesor case for Lumber Mutual Insurance Company and United States Liability Ins. Co. Please clarify the statement that these companies did not receive any claims with dates of injury on or after June 30, 1987 "but not on after December 23, 2004." Does this mean that your clients did not issue any workers compensation insurance policies during that period of time? If so, we would probably agree to dismissal. Please contact me if you would like to discuss this issue. Thank you.

Sincerely yours,

Thomas J. Murphy
