RE: WCC No. 2001-0300 Cassandra Schmill v Liberty Northwest Ins. Corporation

Gentlemen:

Washington Casualty Company, in rehabilitation, was contacted by counsel, Laurie Wallace of Bothe & Lauridsen via letter received September 14, 2006. The indication is WCC was served with the above referenced suit filed in Worker's Compensation Court.

We did locate the paperwork but would ask in the future that any future legal papers be sent to my attention so they are responded to in a timely manner.

Washington Casualty Company became licensed in the State of Montana during the 2000 year. Washington Casualty Company has **never** offered or written Worker's Compensation coverage in any State.

Please dismiss Washington Casualty Company from this legal action. Thank you for your attention and consideration.

Sincerely,

WASHINGTON CASUALTY COMPANY, in rehabilitation
