RE: Resetting Helena Trial Docket

As you are all aware, James Jeremiah Shea will become the Judge of the Workers' Compensation Court on September 7, 2005. In the next few weeks, Judge McCarter will be focusing on writing the decisions in cases he already has submitted to him. For that reason, the following Helena cases set for trial during the week of August 8, 2005, are being **reset** to the next regularly scheduled trial docket the week of October 24, 2005. The pretrial conferences will be conducted on Tuesday, October 11, 2005. The pretrial/trial conference calendar setting these matters for pretrial conferences and trials will be mailed out on September 26, 2005.
