SCANNING OF EMAILS FOR THREAT PROTECTION PURPOSES

Monday, October 16, 2017

Description:

For threat protection purposes, all incoming e-mail will be scanned by SITSD starting on October 16, 2017.

Customer Impact:

E-mail from outside sources containing attachments could be delayed up to 30 minutes. Any malicious attachments found will be removed, but the original e-mail will be delivered.

Additionally, any e-mail from outside sources that contain hyperlinks will be scanned and re-written. For more information, refer to the attached document

Thank you.
